

Kettle Moraine Boys and Girls

2016 Wisconsin High School State Curling Champions!

The Boys and the Girls swept the State Curling championship taking first place in their respective divisions at the Wausau Curling Club. The last time the Boys won State was 1977 and for the Girls it was 1982. The boys game came down to the last rock with them coming out on top against a very tough team from Lodi. The Girls played Stevens Point for the Championship capping off an impressive undefeated tournament season which included winning the Tietge Tournament in Wausau three weeks ago after taking second in it last year.

This is the first time in history that the Boys and Girls from Kettle Moraine both took first place at the State Tournament.
